Education

After studying under Jeffery Kimball, ASC (Top Gun, Mission Impossible:2, Windtalkers, The Expendables), I travelled to LA, Northern California, and Louisiana as an apprentice to Sean Fairburn, SOC (Once Upon a Time in Mexico, Mission Impossible:3, Tekken, The Expendables, The Mechanic). During this time I gained experience in many areas of digital cinema, including lighting, camera systems and managing a crew.

I have now been working for 10+ years as a director of photography.
