Great hotel in Scottsdale

This hotel is largely catered towards business travelers, but it is an awesome stay for my husband, myself, and our 2 year old. **Clean and spacious with a great complimentary breakfast.** There are laundry facilities on site (coin operated), which was very needed on our trip. Best of all, it is walking distance to Trader Joe's.

Great place, Great staff.

We only stayed here 1 night while moving my son here. Place was very clean and spacious. I was basically a small apartment. Great location in the heart of Scottsdale. Staff was very friendly and helpful. Thank you

Safe, clean , Location, location , location

I've been staying in the Paradise Valley complex since late September 2021.

Safe clean and quiet! The three most important things I look for when I stay anywhere.

The moment I checked in at the front desk, I was welcomed by friendly staff, bottled water, and a map showing my unit and the amenities.

I have cleaning service every three days and I haven't change the sheets nor cleaned bathrooms in six months!! These women are wonderful!

It's almost like having my own private pool, which by the way, is heated.

Barbeques are cleaned daily as is the laundry room.

I've stayed in many hotels in the past and they have never been this clean, and the staff so friendly.

Should anything break in this unit/complex, George is around wherever you turn. He's a miracle worker.

From the fitness centre to the daily breakfast, everybody's needs are met!

I would recommend this place to anyone.

Ps. Did I mention location location location??
