EXPERIENCE

Sound assistant— *Arizona state university mix center*

August 2023 - May 2024

Supervisor

Rodrigo Mirelles mirelles@asu.edu

I made sure the I/O routing and Genelec interfaces were the optimal settings for the surround and dolby Atmos room that students were mixing in. I aided Daniel Ocanto in tech support for the facilities at the MIX center. Engaged with students and ran ADR and Foley sessions on the s6 console. I assisted Professor Meirelles in his day to day duties as the sound instructor and created tutorials for students who needed to use the spaces.

Volunteer Film teacher — *Alice Cooper Tean rock center*

March 2023 - August 2024

Supervisor

Mark Savale mark@alicecoopersolidrock.com

I created a curriculum that instructed the many interested Phoenix teens in the joys of cinematography, editing and sound design. I worked with teens who could be troubled or disabled but I never judged them and only helped train them in using the donated equipment at the center. Through my effort I was able to assist one of my students to start making money through social media and pursue content creation as a career path.

Safe in Sound Club— *ASU Club*

I Partnered with Cammile Gregory to found the club. As Vice president of the newly formed ASU club I dedicated my time to providing a safe learning environment for all students interested in sound. Consulted on student projects. Aided in student work. I led workshops and helped train students in using the advanced equipment provided in the MIX center. Organized several mixing and recording sessions with students.

SKILLS

- pro tools
- RTX isotope
- davinci resolve
- davinci fairlight
- Avid
- Avid s6 training
